Hi, Kate:

This is what she responded with.  
Give her a call just to confirm.

Thanks,  
Moya

Monday is fine w. me, obviously. I always state on my subpoenas that witnesses can call me with any scheduling concerns.

Carolyn:

I received the email, below, from Kate Corbett, Chemist. I have them notified for Monday, as there's no way we'll get to them on Friday, according to Dan Dorhert, clerk, and they have other courts to go to, as they are incredibly strapped for time and resources. I have had multiple emails with both chemists who assure me they can be there on Monday. It's a complete waste of the Commonwealth's resources to have chemists sit in court on Friday when there's no way they could testify until Monday. Could you please withdraw your subpoena for Friday?  
Again, I have them notified for Monday.

Hi Moya,

This morning I received a summons from Carolyn McGowan, attorney for the defendant in the above case. The summons is for tomorrow Nov 20, however, Della and I will be in Middlesex on Monday for this case with you. I was just wondering if you had any info about this.

Thanks,

Kate Corbett
